Dear TTA Members,

I was doing some surfing, looking around where I grew up and came across the TTA website. My parents Art & Cathy Siegman were some of the original, founding members of the TTA. We lived in Tewksbury from 1974 until 1986.

As a kid I remember clearing trails all weekend with my folks and the other members. It was a wonderful time. I am so glad to see that y'all are still around and going stronger than ever!

I remember how not everyone wanted this started up back then. They sometimes had a hard time getting permission to go on some peoples' property. It seems like y'all don't really have that problem too much anymore.

Keep up the good work!!! I was extremely fortunate and blessed to grow up where I did. Tewksbury was a wonderful community then and I'm sure it's even better now!!!

Alexandra Siegman
